## Selkie Rescue Turns Two Years Old

*Hottest Windows Data Recovery Software Celebrates Second Birthday*

May 11, 2007

For immediate release – **Selkie Rescue Data Recovery** is celebrating her second birthday by recovering data and rescuing computer users from the Blue Screen of Death. **Selkie Rescue**, the hottest software on the market, has received rave reviews from industry leaders and customers in her first two years of life. When Windows crashes and your files are trapped, think of **Selkie Rescue**.

"We know that **Selkie Rescue** is a lifesaving tool for all laptop and PC owners," said Vice President of Sales Nathan Potechin. "It's unique do-it-yourself software. We are working with companies anxious to get our product in as many hands as possible because they recognize **Selkie Rescue** is a critical tool and when you need it, you really need it. Get it now."

**Selkie's** 'daddy' is Chief Technology Officer Jonathan Lyster. Reflecting on **Selkie's** second birthday he says: "**Selkie** has grown and matured from a simple concept: that software shouldn't be hard to use, especially when customers just want to get their files back. It is now a popular award-winning application. We're really proud. We know she will continue to grow and attract a wider circle of admirers as people see how easy and affordable it is to do their own data rescue."

A cartoon about **Selkie** and the Tech TV **Selkie Rescue Data Recovery** video are featured at [www.SelkieRescue.com](http://www.SelkieRescue.com)

Tugboat Enterprises is in its third year as a private software development company.

**Selkie Rescue** is a bootable CD that is easy to use and affordable. **Selkie** is to data rescue what anti-virus is to computer protection. **Selkie Rescue** solves a major problem faced by more than 1

billion owners of PCs and laptops - lost data due to computer crashes from viruses or bad software. Instead of sending your computer or laptop to a repair centre and losing significant time & money, **Selkie** recovers your data within 10 minutes, using 5 mouse clicks or keystrokes - all for \$99.99. **Selkie Rescue Data Recovery** does not require Windows to be functional in order to recover data.

"It has been my privilege to have been involved in computer software for over 20 years" says Nathan Potechin, V.P. Sales. "This is the very first time I have seen such a timely and important product as **Selkie Rescue**. It is one of those must have products that are so rarely created, yet critical."

**Selkie Rescue** is available at [www.selkierescue.com](http://www.selkierescue.com) for US\$99.99. Enterprise and bulk licensing is available by contacting Nathan Potechin at 1-888-688-9199.

#### *Selkie Rescue System Requirements*

Any Pentium or equivalent CPU (Intel, AMD) capable of running Windows 95 through Vista; 16MB available system RAM; VGA graphics chip and color monitor; CD-R drive and blank recordable CD required to burn the Selkie Rescue CD; any active network connected to the PC being rescued.
