An increasing number of educators are utilizing the convenience and effectiveness of digital resources. Keybookshop.com, in partnership with Ebookdestination.com, is bringing together a collection of ebooks from 83 top publishers including Scholastic, Weekly Reader Publishing, and Teacher Created Resources.

“Teachers are finding ebooks and digital resources an effective alternative to printed materials” said Keybookshop.com owner Kevin Sheppard, “the digital format allows for easy storage on a hard drive or other media. In many cases, the material can be used without ever being printed. If a hard copy is required, only the necessary pages are printed saving paper, ink, and money.”

Parents are also finding educational ebooks very convenient. They can be downloaded to any computer with an internet connection and can be purchased 24 hours a day, 7 days a week. Whether parents are using the materials as part of their homeschooling curriculum or to supplement their student’s public school work, resources of every grade level can be found with the click of a mouse.
