FOR IMMEDIATE RELEASE

Sweden's Outpost24 AB Expands Global Presence, New Office in Finland

Outpost24 AB now targeting customers in technology rich Finland.

KARLSKRONA, Sweden – September 24, 2007 – Outpost24 AB, the Technology Leader in On-Demand Vulnerability Management solutions, today announced that it has opened an office in the commercial center of Finland. This is the fourth office for Outpost24 in the Scandinavian markets. Outpost24 AB is the only international On-Demand Vulnerability Management solution provider to have a local presence in Finland.

Outpost24 AB's move into Finland reinforces its leadership position in global Vulnerability Management, and is in keeping with the company's objective to provide its customers with local support and service.

Robert E. Lee, Chief Security Officer of Outpost24 AB was quoted as saying:

"The Finnish market is very forward thinking and strongly embraces Information Technology. Outpost24's proactive IT security solutions are therefore in high demand. By establishing a local presence, we hope to capitalize on this demand, providing the highest level of support and service possible."

Timo Rinta was called on to be the Country Manager in Finland for Outpost24. Mr. Rinta is the former CEO of the media company Stellatum Ltd, IT service provider Otaverkko Ltd and The Finnish Cable TV Association. He has been the publisher of the IT trade magazine TestIT, media technology magazine Visio and data security and IT security issues covering Tietosuoja.

"IT security threats are more and more global." says Timo Rinta, Outpost24 Country Manager for Finland. "We are proud to offer all Finnish companies and authorities the expertise of the international Outpost24 team and to provide our customers with the leading technology solutions that help them stay one step ahead."

About Outpost24 AB

Outpost24 AB is the technology leader in on-demand security risk and compliance management solutions. Outpost24 AB delivers these solutions in a Software-as-a-Service (OUTSCAN®) or Appliance (HIAB®) form factor. OUTSCAN® and HIAB® help organizations stay *One Step Ahead* of their security problems. OUTSCAN® can be used to ensure compliance with policies and regulations. OUTSCAN® can also be used by partners to expand their managed security offerings and enhance their consulting services. Outpost24 AB's on-demand solutions are deployed in a matter of hours anywhere in the world, providing customers an immediate view of their security and compliance posture. OUTSCAN® is the widest deployed security on-demand solution in Europe, performing scans for over 1000 customers last year.
