# CHARITY:

The Foundation For Sight and Sound, Help America Hear Program.

The Denver International Wine Festival is pleased to announce that in 2010, we will again partner with The Foundation For Sight and Sound, a 501(c)3 non profit organization and their Help America Hear Program, which provides hearing aides to disadvantaged people with a hearing disability.

The 2010 Denver International Wine Festival will donate a portion of ticket sales and 100% of the proceeds of all silent and live auctions to the Foundation for Sight and Sound.

The Help America Hear Program was created in January 2009 and has since fitted 120 men, women & children nationwide with hearing aids. With the minimum cost of a hearing aid averaging \$2,000, many individuals are unable to afford this necessary tool for improving their quality of life.

# **DENVER HEARING AID MISSION**

On Wednesday November 3, 2010 the Foundation For Sight & Sound's Help America Hear Program will be fitting 11 Denver area residents with hearing aids. This Hearing Medical Mission will take place at the Lakewood Hearing & Speech Center, 3110 S Wadsworth Blvd, Suite # 107, Lakewood, CO 80227 at 10:00 am.

Randall D. Smith, co-founder and president, a hearing instruments specialist, is assisting with Mitchell Shapiro & Dave Carr, the co-founders of the Help America Hear Program in fitting the recipients.
