

EZTalks Releases Brand New iOS App to Join a Meeting for Free on iOS Devices

EZTalks is now available in the Apple App Store that enables customers to join online HD Video Conference with 3 people for free on Apple devices.

New York, New York August 19, 2015

EZTalks Inc., a global SaaS development company to provide unlimited cloud-based video conferencing service to make collaboration ubiquitous and services to worldwide customers, announcing the release of EZTalks iOS 1.1.4, which allows users to join an online meeting and video conference for free on any Apple devices.

EZTalks trends reinforce that desktop and mobile online video connections provide significant face-to-face interaction when sharing content around the corner or around the globe. With comprehensive communication solutions available, companies are able to engage effectively and compete in a global marketplace. It helps people collaborate more effectively, improving productivity.

According to EZTalks's Global Marketing Director, Jack Zhang, "Exploring the value of online conferencing is timely given that collaborative capabilities and working efficiency are becoming priorities for many businesses. [Video conferencing](#) provides the most practical solution for businesses with multiple locations to visually communicate with colleagues and customers, and provides a vital avenue for organizations to succeed in an increasingly global market."

It's a mobile, cloud centered world, make them work together. The Mobile App Connection is so seamless, employees can easily manage the flow on their smartphones to get work done, EZTalks for iOS 1.1.4 is very easy to use, download and install the App from Apple Store for free and join a meeting with the meeting ID getting from meeting organizer, then you can talk with other attendees freely anytime, anywhere in High Definition format without considering their location and work together to achieve the same goal.

Features of EZTalks for iOS 1.1.4:

- Join a meeting via meeting ID
- Attend EZTalks sessions wherever you are
- Share your videos with other attendees
- View attendees' video in full screen
- View attendees' video from the video list
- View attendees participated in the meeting
- Display multiple videos in video preview interface
- Adjust the sound volume of the meeting

- Adjust video resolution
- Turn on/off local audio
- Mute the audio of attendees

Available for free, EZTalks requires iOS 7.0 or later. This app is optimized for iPhone 4, iPhone 4S, iPhone 5, iPhone 5S, iPhone 6 and iPhone 6 Plus.

Free download EZTalks for iOS from the [Download Center](#) or [Apple Store](#) and join a meeting on the go.
