Likno Software offers all its products at discount this holiday season.

To celebrate the Holiday Season, Likno Software is offering its award winning software at award winning prices.

/24-7PressRelease/ - December 19, 2005 - To celebrate the Holiday Season, Likno Software is offering its award winning software at award winning prices.

Likno Software products are popular because of the easy and friendly manner in which users can take advantage of their features and functionality through an intuitive WYSIWYG technique.

Take a look at our product overview:

15% Discount on purchase of AllWebMenus, DHTML menu / JavaScript menu builder

Our popular software AllWebMenus is a program for creating professional web menus for your website - no programming experience needed! 100% compatible with all the major DHTML-enabled browsers (IE, Firefox, NS, Opera, Mozilla, Safari, Konqueror, etc.) you can create truly cross-browser navigation menus. The process is transparent to the web developer who enjoys the design of cool navigation menus without bothering for the technicalities lying behind their creation.
