**Limited-Production Audi R8 Offers Unlimited Adventure at
DFW Elite Car Club.com**

2008 Mid-engined sports car goes head-to-head with BMW M6, Aston Martin Vantage

/24-7PressRelease/ - DALLAS, TX, April 14, 2007 - While the waiting list grows for buyers wanting the [2008 Audi R8](#), members of [DFW Elite Car Club.com](#) can move to the head of the line. The automotive car club already has the exclusive driving machine on order, and they are the #4 confirmed order.

"This is going to be one of the most hotly anticipated additions to [our collection](#)," notes [Ron Sturgeon](#), founder and owner of [DFW Elite Car Club.com](#). "The [R8](#) is exceptional, not only in its race-inspired design, but in the fact that it's being built on a small-lot production line. The demand is definitely going to be greater than the supply."

With a maximum of just 15 cars being built daily, the [2008 Audi R8](#) already is causing a stir among auto enthusiasts. As Audi's first mid-engined sports car, the [R8](#) uses the [Lamborghini Gallardo](#) platform. With 420 horsepower, a high-revving V8 engine and all-wheel drive, it is expected to give such sportsters as the [BMW M6](#), [Porsche 911](#) and [Aston Martin Vantage](#) a run for their money.

"One of the [advantages for the Car Club member](#) is that we have those other cars, too," [Sturgeon](#) says. "So they don't just have to read about how those cars compare - they can find out for themselves."

The [R8's](#) interior is surprisingly roomy, with more comfort features than one normally finds in a sports car - even those in the high-performance range. Adding to that sheer driving pleasure is a [Bang & Olufsen](#) sound system, which uses a dozen specially designed speakers to deliver quality surround sound. The R8 also features an acoustic parking system and a rear-view camera to help the driver negotiate even the tightest of all parking spaces and permanent four-wheel drive.

When it arrives at [DFW Elite Car Club.com](#), the [R8](#) will be in good company, joining such driving machines as the [Ferrari 612 Scaglietti](#), the [2006 Ford GT](#), the [Rolls-Royce Phantom VI](#) and more. In all, members have access to nearly 60 luxury automobiles.

The club provides the thrill of driving some of the world's "most wanted" cars without the costs or responsibilities that accompany ownership. Five different "tiers" allow club members to select their level of participation and pay a monthly fee to access the fleet. Membership in [DFW Elite Car Club.com](#) includes special invitations to [members-only events](#); a points system that rewards members for referrals; an affiliate agreement that provides discounts with other car clubs; and discounts off the innovative [Drive Your Dream exotic auto tours](#).
