Need Bulletproof Protection When You Travel?

DFW Elite Auto Rental.com Now Has Armored Hummer Available to Public for Rent

/24-7PressRelease/ - DALLAS, TX, May 03, 2007 - Corporate executives, [celebrities](#), [movie stars](#), professional [athletes](#) and [VIPs](#) have reason to think about their safety when they travel. Neither terrorists nor violent criminals put any limits on what they are willing to do to such prime targets.

For VIPs who want to be smart and safe, [DFW Elite Auto Rentals.com](#) has expanded its fleet with what may be the first armored [H2 Hummer](#) available for rental to the public in the nation. Nationwide delivery and pickup of [rental armored vehicles](#) is available.

"We deal with important people at [DFW Elite Auto Rental.com](#) every day," says [Ron Sturgeon](#), founder and owner of the company. "And we are always looking for ways to offer more to our clients. Given the dangerous world we live in, many of our clients are thinking more about their safety and we want to offer something that responds to that. This special [Hummer](#) is the first armored vehicle in our fleet, but we plan to add more."

Our armored 2005 [H2 Hummer](#) is rated at security level 2 ([NIJ II / Euro B2](#)). This special vehicle has been reinforced to take multiple direct hits from a [.357 Magnum](#), [9 mm handgun](#), or certain assault rifles and keep going - with all occupants safe and uninjured. [Bulletproof](#) glass throughout, special run flat tires, door and underbody armor all protect passengers, yet our [specially armored H2](#) looks just like every other [H2](#) from the outside.. That means that VIPs can rest easy knowing that they are not drawing any extra attention to themselves.

Under the skin, there are several important differences between this new addition and the standard [H2 Hummer](#). This heavy-duty version has better brakes and an improved suspension to handle the extra weight of the armor. However, this modified [H2](#) is still powered by a reliable 6.0-liter V8 engine and shares the same dependable four-wheel drive as its unarmored cousins. Rental fees are a very affordable \$625 per day Monday - Thursday, or \$800 per day on the weekend. One hundred free miles per rental are included with every [armored Hummer rental](#).

[DFW Elite Auto Rental.com](#) offers driving enthusiasts several different opportunities to experience the best in luxury and high performance driving. For instance, "[Drive Your Dream](#)" is a new program offering customers the chance to drive five high-end automobiles in a single day; several different packages are available. The company's elite [White Glove Service](#) includes complimentary pick-up and delivery of vehicles, 24-hour roadside assistance, pre-programmed GPS navigation assistance and even designer sunglasses and a complimentary console towel.

[DFW Elite Auto Rental.com](#) is headquartered at 5940 Eden in [Fort Worth](#), and serves [Houston](#), [San Antonio](#), and [Austin](#), as well as the [DFW Metroplex](#) with over 50 exotic and luxury cars, trucks and SUV's. For more information and to see a complete inventory of available vehicles, visit [dfweliteautorental.com](#), or call 817-838-RENT.
