**An all new level of Casino Entertainment Consultants have come on line targeting midsized to smaller casino properties. CASINO ENTERTAINMENT CONCEPTS is a professional services network that provides strategy, operations and technology consulting services for the casino and racino industry.**

*The CEC team has over 50 years of casino, racino, marketing, and entertainment experience providing the foundation of our business success. Our primary focus is assisting mid level to smaller properties which can't afford a large full-time marketing department compete in today's competitive markets.*

**/24-7PressRelease/** - LINCOLN, RI, December 02, 2007 - CEC's network of experts can assist you furnish the ideal, cost-efficient entertainment for you, from the largest names in show business, to a host of new, innovative acts including the nations top tribute shows including the Rat Pack, U2, Bruce Springsteen Prince and many more. We also have strong connections with some of the nations legendary comedians and rising young variety and musical stars.

We believe in focusing on combining resources, skills and industry experience to provide our clients with the solution to fit what ever their needs may be.
