Homewood Suites by Hilton opens hotel at the Stewart International Airport

Homewood Suites by Hilton opens new Property offering added convenience to Newburgh, New York area travelers

/24-7PressRelease/ - NEWBURGH, NY, January 11, 2008 - Homewood Suites by Hilton, the international brand of upscale, all-suite, residential-style hotels, has opened the 125-suite Homewood Suites by Hilton hotel Newburgh - Stewart Airport. The hotel is owned by Airport Properties II LLC and managed by Ocean Hospitalities.

[Homewood Suites](#) offers developers a competitive edge in the typically low-amenity focused, low-service oriented airport market through brand-wide initiatives to better the product. Though Homewood Suites are designed for guests staying five or more nights, the suites are also perfect for short stays and families who need to feel more at home while they are traveling.

"This build demonstrates Homewood Suites' continued foray into the airport market, and we are excited to offer this property as an attractive lodging option to those visiting the Newburgh area," said Bruce Fox, general manager.

"This project further shows the brand's interest in tapping into a variety of markets," Fox said. "We are eager to be part of Homewood Suites' continued growth and development."

The Homewood Suites by Hilton Newburgh hotel is conveniently located near many local tourist attractions including West Point, Brotherhood Winery, Orange County Choppers, and FDR Museum.

Homewood Suites has recently opened properties in Daytona Beach, FL, located near Daytona International Airport, and Irving, TX; near Dallas-Fort Worth Airport. The [residential-style hotel](#) brand currently has more than 20 [hotels near major airports](#), including Albuquerque, NM; Houston, TX; Miami, FL; and Baltimore, MD.

Homewood Suites recently completed Phase I of its Distinctly Homewood upgrades - a five-year product enhancement program launched in 2005 - which included upgrades to exercise facilities, guest bathrooms and bedding packages at most hotels. Phase II is now underway, which will include the addition of Dual Massage showerheads by WaterPik and completion of bedding upgrades across remaining hotels. Final completion is scheduled to coincide with the Homewood Suites brand's 20th anniversary in 2009. The brand also collaborated with Hilton Hotels Corporation's Supply Management team and a top hospitality industry interior designer to introduce three Distinctly Homewood guest suite concepts. The FF&E packages give developers increased design flexibility while reflecting the core elements of the Distinctly Homewood program - Relevance, Consistency and Distinctiveness.
