**Dollhousecollectables.com announced its latest range of dollhouse furniture**

*"Dollhouse collectable is the leading dollhouse company that caters with the every need of its customers by providing them a great sort of miniature products. Its latest range of dollhouse furniture is just unique in its creation and quality."*

**/24-7PressRelease/** - HUDSON, NH, January 23, 2008 - Dollhouse collectables, a global provider of miniature dollhouses and other accessories, today announced the release of its latest array of dollhouse furniture in the market. With its largest collection dollhouse furniture it has surpassed the other leaders in the dollhouse industry. As per the company sources, the unique range of dollhouse furniture is accessible in different colors, designs and structures. Customers can locate miniature bed, wardrobe, tables etc on the online shop of dollhouse collectables. Moreover, they offer all the varied variety at reasonable rates.

"We are offering the latest and unique designer dollhouse furniture that can embellish the every corner of the dollhouse. Our miniature furniture are durable enough and can last for long time, moreover, all the doll house furniture are available in different material forms such as plastic made doll house furniture, wooden furniture etc." said the Mr. Tim, the founder of dollhouse collectables. "People often like the idea to decorate their miniaturized dollhouse with the miniature furniture, accessories, plants, wallpapers and with many other such things. Although, the most important factor that matters a lot is the presence of dollhouse furniture in the miniaturized home" he further explains.

Company sources further revealed that the constant success of dollhousecollectables.com has proved that the products and services of their company are far superior than any one else. And with the continuous addition of new products like miniature furniture, is a further great step in the success of the company.

**About Dollhouse Collectables**

Dollhouse Collectables is a leading name in miniature industry. Basically it's a family owned business that offers a huge variety of dollhouse miniatures to choose from. All these dollhouse miniatures are designed to cater to the needs of its clients, which are usually children, worldwide.
