Incredible Paranormal Activity Caught on Tape!

EZ Productions is pleased to announce the release of its first feature length paranormal documentary, The Spirits of the Rockliffe Mansion.

/24-7PressRelease/ - COLUMBIA, MD, January 25, 2008 - EZ Productions is pleased to announce the release of its first feature length paranormal documentary, The Spirits of the Rockliffe Mansion. Along with paranormal investigator, Dr. Gary Hawkins and his team, EZ Productions was present to record the investigation and the unbelievable paranormal activity that was caught on tape.

The investigative team was lead by Dr. Gary Hawkins, a renowned paranormal expert, also known as "The Ghost Catcher". This refers to his incredible ability to "catch" a spirit with his bare hands and immobilize it, allowing others to actually touch and feel the captive spirit.

The Rockliffe Mansion in Hannibal, Missouri was the location for this event and EZ Productions was present to document the investigation and record Dr. Hawkins' attempts to "catch" a roaming spirit.

The Spirits of the Rockliffe Mansion documents the genuine, paranormal evidence gathered during the investigation of this 13,000 square foot American Castle dating from the late 1800's.

The Spirits of the Rockliffe Mansion DVD is available to order online at www.shop.ezproductions.net and costs \$19.99 plus shipping.
