Offshore Group Posts Manufacturing in Mexico Seminar On-Line

Interested parties will be able to learn the "ins and outs" of manufacturing in Mexico.

/24-7PressRelease/ - TUCSON, AZ, February 01, 2008 - The largest provider of outsourced manufacturing support, or "shelter" services in Mexico, has posted complete program content from its October 2007 Manufacturing in Mexico Summit on its website (www.offshoregroup.com). This information will be of value to businesses that are contemplating or preparing to establish production facilities business south of the border.

More than 20 hours of video of noteworthy speakers with expertise in global manufacturing strategies, Mexican customs, taxation and labor law, U.S. Customs, Mexico's supplier base, as well as the political and economic aspects of manufacturing in Mexico is available. Each speaker's Powerpoint presentation is accessible on the site as well.

Featured speakers include: acclaimed Mexican political commentator Sergio Sarmiento; Glenn McBride, president of mexicanlaws.com; Michael Hetzel, Vice President / Americas at Pro QC International of Chicago, Ill; Steve Haywood, president of Focus Solutions of Taylor, Michigan and an expert panel of corporate CEOs with manufacturing facilities currently operating in Mexico.

The Manufacturing in Mexico Summit takes place each October, and is largest gathering of manufacturing executives in Mexico.

The Offshore Group has provided services that enable manufacturers to initiate and maintain production plants in Mexico at reduced cost and risk since 1986. Companies that establish themselves in the maquiladora industry through The Offshore Group are able to fully concentrate on their core strategic competencies, while The Offshore Group performs non-value added functions such as human resource management, payroll and accounting, logistics, building maintenance and other important tasks.

The company's sixty-two client firms include firms in the aerospace, automotive, electronics, HVAC, plastics, medical and general manufacturing industries.
