Scarheal INC releases Scar Esthetique Scar Treatment Cream

ScarHeal skin care solutions, founded in 1988, has released the Scar Esthetique Scar Creme which is an effective scar treatment cream having 16 effective treatment ingredients in one bottle.

/24-7PressRelease/ - MADEIRA BEACH, FL, February 01, 2008 - ScarHeal skin care solutions, founded in 1988, has released the Scar Esthetique ½ Scar Creme which is an effective scar treatment cream having 16 effective treatment ingredients in one bottle. This includes 10 anti-oxidants and 2 polypeptides along with Dimethicone combined with natural botanicals to enhance scar cosmesis. The main feature that sets Scar Esthetique apart from other similar products is the fact that it contains state of the art ingredients including Polypeptides, which are known to oxygenate and promote cell renewal and help optimal absorption of active ingredients to third layer of skin.

"What is so unique about our products is that they stimulate skin cell turnover by 25% in just 2 weeks," notes Glenn Joyner, President of ScarHeal. "Visibly there is improved appearance and texture of the skin in less time than with any other product of its kind," he added.

Other existing products of the Company include Scar Fx Self Adhesive Silicone Sheeting and Rejuvaskin Anti Aging Serum.

Scar Fx Self Adhesive Silicone Sheeting is medical quality grade and is available in 12 sizes 3 of which have been specifically designed for use on the breast. According to President, Glenn Joyner when using Scar Esthetique Scar Creme along with Scar Fx Silicone Sheeting patients have shown an 82% scar improvement which is very remarkable.

Rejuvaskin Anti-Aging Serum one of their premier products, has been compared with branded Prevage from Elizabeth Arden, which retails for \$150 at Sephora. At less than half the cost of premium, high-end products on the market today, ScarHeal's products sure bring high quality, effective skin care to the mass retail market for the every day consumer.

The family of products Scar Esthetique Scar Creme, Scar Fx Self Adhesive Silicone Sheeting and Rejuvaskin Anti-Aging Serum, are proudly made in the U.S.A. and recommended by Dermatologists and Plastic Surgeons worldwide. In fact, over 50 medical studies have been conducted on the efficacy of silicone products. Scar Heal is proud to note that their scar and anti-aging treatments contain the most effective ingredients in the market today.
