Rcalls, Inc. Expands Global Direct Sales of VOIP, Text Message Advertising and Mobile Marketing

If you are considering a career in VOIP, Text Message Advertising or Mobile Marketing, You Must Read This Article.

/24-7PressRelease/ - CORONA, CA, February 09, 2008 - As the Direct Sales Marketing Arm of AdCalls, Inc., Rcalls is expanding its Direct Sales Force of Agency Owners to over 200 countries providing small and medium businesses with the a cost effective CRM solution for VOIP text Message Advertising and Mobile Marketing.

Powered by a patent-pending Ad Supported VOIP technology and Ad supported Mobile Marketing, AdCalls, Inc, a fast growing world leader in CRM Solutions for small to medium businesses, has appointed Rcalls to be the direct sales and marketing arm for the worldwide distribution of the AdCalls VOIP Dialer and Mobile Marketing Program.

Utilizing a trained network of Agency Owners, Rcalls is aggressively recruiting and expanding its sales force in over 200 countries. "The needs of business are the same in every country", states Al Krauza., President. "To be successful, every business needs new customers, and every business needs their regular customers coming in more often. And to accomplish this every business needs an effective CRM Program".

Over the past five years, AdCalls has developed the most affordable and cost effective CRM program available today. Giving every customer FREE World-Wide Long Distance calling, a local business can build a permission based email and cell phone data base of all customers. Utilizing this data base, an effective Customer Relations Marketing Solution can be installed. Results: Increased Business = Increased Profits.

At an affordable cost starting at \$50 per month, any business in any country in the world can use this program. (<http://www.adcalls.com/1764>). Information about Agency Owner positions can be obtained at (<http://www.rcalls.com/1764>).

A complete overview of the Rcalls and AdCalls programs can be viewed on the recently purchased Wi-FiTV Private Station. Please visit <http://www.rcalls.com/tv>.
