yshwa4lives "Like a King" Climbing the Charts!

yshwa4lives debut EP In the Beginning is nearing it's release date. With that in mind his signature song "Like a King" is movin up the charts and he's pretty excited about it!

/24-7PressRelease/ - February 15, 2008 - "It's not a big deal probably to most but i submitted "Like a King" to American Idol Underground 'cause i got a couple of free spins with the submission package i bought during my campaign through Musicsubmit.com and It seems people are diggin' it."

"Like a King" is at number 4 out of the top 50 in American Idols Rap genre and it's also climbing the charts over at Indieheaven.com. Gaining momentum seems to be a pretty easy exercise for this "newbie" Christian rapper. He's been on the lookout for others who may want to be part of his vision but as yet it has been to no avail. "I don't mind going it alone, it's just better to climb a mountain together".

I've got a feeling we'll be seeing more of this guy.
