SEO For Wordpress Blogs - A Free White Paper from Blizzard Internet Marketing, Inc.

Search Engine Optimization for WordPress Blogs is a free marketing white paper from SEO's Mary Bowling and Carrie Hill at Blizzard Internet Marketing, Inc. Learn tips and tricks to help you dominate the search results in Google.

/24-7PressRelease/ - GLENWOOD SPRINGS, CO, February 17, 2008 - Blizzard Internet Marketing, Inc. is proud to announce the release of their latest free marketing whitepaper, "SEO for WordPress Blogs" by their in-house Search Engine Optimization team, Carrie Hill and Mary Bowling. Learn why we advocate using one of the best platforms for building an SEO friendly website, and how to set your own website up for success.

Blogging is the wave of the future, but not all blog platforms are built alike. While there are many options to choose from, if you want a user and search engine-friendly option, WordPress should be your first choice. We'll tell you why and explain how to use it to perform better in the Google Search Engine Results Pages (SERPs).

This easy-to-use, 14-page how-to guide will tell you about our favorite WordPress plug-ins for Search Engine Optimization and what advantages they will give your blog. We'll tell you how to:

- Set your WordPress blog up for Success
- Start Blogging the RIGHT Way
- Promote your Blog across the Internet
- Use Plug-ins to increase SEO functionality

It's easy to download all of our internet marketing white papers.(link)

If you've got a great Wordpress tip, read our white paper and email it to us at the address given on page 12. We'll feature your tip and give you a link from our Blizzard Newsletter Blog! It's in Wordpress, of course.
