Vicinity Manufacturing Wants Process Manufacturers Hungry for Business Solutions

ISV to Exhibit at International Food Technologists Dixie Supplier's Night

/24-7PressRelease/ - ATLANTA, GA, February 20, 2008 - Vicinity Manufacturing is excited to announce its participation in the 2008 Institute of Food Technologists Dixie Supplier's Night February, 25th 2008. The Society for Food Science and Technology will be hosting their annual supplier's night at the Cobb Galleria Center with the doors opening at 3:00pm. Vicinity extends the industry leading Microsoft Dynamics products to deliver a powerful and flexible ERP solution specifically for your formula or batch manufacturing business. With over 30,000 customers in North America, Microsoft Dynamics is clearly the number one financial and distribution system available today. As a Microsoft Gold Certified Partner, Vicinity can help put together the missing ingredient in your formula manufacturing business solution.

Vicinity is a software solution designed exclusively for process manufacturing. Vicinity streamlines the coordination of converting raw materials to finished goods reducing waste, increasing productivity and profit. Vicinity understands the unique challenges of batch manufacturing and addresses these issues in an easy to use and affordable solution.

During the Dixie Supplier's Night of IFT, Vicinity Manufacturing hopes to spread the message to the food industry that the Vicinity solution can help businesses with such issues as; lot tracing and product recall, nutritional analysis, allergen disclosure, lot expiration and shelf life, and HACCP record keeping and compliance. All this with the additional benefit of the powerhouse reputation of Microsoft Dynamics standing behind the Vicinity solution!

Vicinity Manufacturing hopes IFT attendees come hungry for new ideas on improving process manufacturing operations! See you at the Dixie Supplier's Night!
