Online Gaming Company - Cybertech International - Opens Base In Qingdao, China

Cybertech recently inaugurated their office in Qingdao, China. This base in China will operate as a Product Development &&& Research Center for Cybertech's business and gaming software.

/24-7PressRelease/ - THANE, INDIA, March 14, 2008 - 610 Nathan Road, Suite 813, Hong Kong S.A.R, 11th March, 2008- Cybertech International Holdings Ltd. is a wholly owned subsidiary of D.G. Holdings Ltd and hosts the company's complete online software and game platforms. Cybertech recently inaugurated their office in Qingdao, China. This base in China will operate as a Product Development &&& Research Center for Cybertech's business and gaming software.

Describing the inauguration of their office in Qingdao, China, the CEO of D.G. Holdings Ltd and Cybertech Ltd, Mr. Aniket Warty, announced that the Product Development hub in China would be instrumental for the company for cutting edge research in Software Development. Mr. Robert Daily, who is presently the Spokesperson and co-CEO of D.G. Holdings Ltd, mentioned that D.G. Holdings Ltd and Cybertech were dedicated to hiring the best of talent locally and globally to achieve their common goals. In a statement thanking Cybertech and DG Holdings Mr. Daily mentioned that Cybertech was all set to make a big impact in the gaming and software industry. With the new development hub in China and the company's association with up-coming gaming industries and portals, Cybertech International will emerge as the world leader of gaming in the very near future as it gradually unfolds its business plans.

Mr. Aniket Warty stated that Cybertech is a team consisting of highly talented and motivated individuals from different countries: China, Korea, India, US who have come together for achieving a common goal: success! He thanked Qingdao Software Park, and Qingdao City for their support and co-operation.

D.G. Holdings Ltd was founded and registered in August 2006 in the British Channel Islands and is a company that is dedicated to building and operating leading infrastructure and services that also provide advanced interactive games that appeal to individuals all over the world thus creating value for the company, investors and employees.
