**2008 Chevrolet Tahoe Hybrid is named the 2008 Green Car of the Year**

*City Chevrolet, the No 1 volume dealer in the Carolinas, in Charlotte, NC, is pleased to announce that the 2008 Chevrolet Tahoe Hybrid, one of the models the dealer stocks, has been named Green Car Journal's Green Car of the Year for 2008.*

/24-7PressRelease/ - CHARLOTTE, NC, March 18, 2008 - City Chevrolet, leading dealer for Chevrolet in Charlotte, is pleased to announce that the 2008 Chevrolet Tahoe Hybrid has been named by Green Car Journal as the Green Car of the Year for 2008. Green Car Journal, which presented the award at a press conference in Los Angeles on November 15, 2007, has been spear-heading efforts since 1992 towards promotion of environmental progress by the automobile industry.

Chevrolet feels this achievement is a feather in its cap, because the Tahoe Hybrid was not only the cleanest car of the year; its fuel consumption was better by almost 30 percent compared to other vehicles in its class. The 6.0-liter two-mode Hybrid's mileage is better than the Tahoe's own 5.3-liter V-8 and is almost on par with that of standard sedans. Moreover, this is also the first full-size V8 SUV to use this technology; a fact that Chevrolet feels could alter the SUV market dramatically, giving consumers the best combination of power and fuel economy.

The jury consisted of some big names from the environmental and automobile industries. The choice of brands for the final selection was narrowed to five, after some stringent parameters were applied, important among which was application of the new environment-friendly technology into other products from the company.

The allotment for 2008 is 1000 Tahoe Hybrids, and City Chevrolet gets 8!! It is, by far, the most out of any dealers in North Carolina.

As a the #1 volume dealer in the Carolinas, City Chevrolet hosts special online features on its dealership website such as new vehicle specials, pre-owned specials, and finance specials, along with online facilities to ask for service appointments and order for spares and parts.

In addition to the Tahoe Hybrid, City Chevrolet sells and services all Chevrolet models such as the Aveo, Cobalt, Corvette, HHR, Impala, Malibu, Malibu Maxx, Monte Carlo, Avalanche, Equinox, Suburban, Tahoe, TrailBlazer, Colorado, Silverado series, Kodiak, Uplander, Express Passenger Van, and Express Cargo Van.

This dealership serves in and around Matthews, Pineville, Belmont, Indian Trail, Harrisburg, Stanley, and Bessemer City among others in its proximity.
