Building contractors William Skinner and Son appoint new general manager

Building contractors William Skinner & Son of Ayrshire in Scotland and Cambridgeshire in England announce the appointment of Steven Barclay as General Manager.

/24-7PressRelease/ - AYRSHIRE, SCOTLAND, March 25, 2008 -- Building contractors William Skinner & Son of Ayrshire in Scotland and Cambridgeshire in England announce the appointment of Steven Barclay as General Manager.

This newly created post job is designed to help the company achieve the growth it is looking for in the medium term.

Steven (39) lives in Irvine, Ayrshire with his wife and young son.

William Skinner & Son managing director Sandy Cunningham said: "We were overwhelmed by the quality and quantity of applicants for this post, and after extensive interviewing Steven beat off the competition and emerged as our preferred candidate for this key new role.

"He comes to us with first-class credentials and excellent experience of managing projects of all types and sizes all over the UK. He also spent a period of 2 years as a project manager in Ontario, Canada.

"This is an excellent opportunity for Steven to make the move into senior management and we are delighted to welcome him to the team."

ABOUT WILLIAM SKINNER & SON

Building contractors William Skinner & Son's Ayrshire and Cambridgeshire bases cover Scotland and Eastern England with activities including building maintenance with 24-hour helpdesk, retail refurbishment and construction, painting, joinery manufacture, metal fabrication, terrazzo tiling, shopfitting, Sika Trocal and Ward Topdeck roofing, and solar hot water installation.

William Skinner & Son have recently diversified into tree houses with contracts from leading hotel and conference centre group De Vere Venues.

They have also made a successful entrance into the solar heating market, attracting a large number of new clients throughout the UK, and have demonstrated their commitment to the wider field of renewable energy by installing a 6kW Proven wind turbine at their HQ in St. Quivox and including PV panels in the design for their proposed office extension.

The aim now is to offer general advice on the suitability of any of the available renewable energy techniques, or any mix of them, to solve individual energy supply problems, and they are developing a consortium of available local expertise to help them develop that.
