GLOBAL PETROLEUM SHOW

June 10 - 12, 2008, Stampede Park, Calgary, Canada, Organized by dmg world media

2008 will mark 20th Global Petroleum Show as the most significant petroleum event anywhere in the world. Since its inception in 1968, the event has grown to be renowned for first-rate presentation of the latest in technology in the fields of onshore and offshore exploration, production and transportation. Some facts to compare: By its size and the number of featured companies the exhibition five times exceeds the annual MIOGE that you are probably well familiar with.

GPS Key Facts:

Largest display of onshore and offshore equipment anywhere in the world

Over 60,000 visitors will register to attend in 2008

2,000 exhibiting companies will participate

There are more than 55000 square meters of features, events and exhibits

Fields of engineering and senior management represent nearly 35 per cent of attendees

Resulting sales exceed USD 10 mln (2006 stats)

What's On at GPS

June 9, 2008

New! 2008

Global Petroleum Conference

Presented in conjunction with Petroleum Technology Alliance of Canada (PTAC), the Global Petroleum Conference will feature 24 speakers over the course of two days to bring you the latest updates on Unconventional Resources. International in scope, the GPS Conference will focus on today's opportunities and tomorrow's innovations. The conference will also

feature presentations and discussion panels on heavy oil and oil sand as well as a conference attended by major North American petroleum associations.

New! 2008

Global Petroleum Career Exposition

The need for energy has never been so great, and the growth of the industry is unprecedented. Combine this fantastic growth with a shortage of professionals and skilled labour, and the industry faces a serious situation. The event is specifically designed for energy producers, service companies, recruiters and training professionals.

Russian Oil & Gas Sector : 2008 Realities, Priorities, Opportunities

June 9, 2008, Sheraton Suites Eau Claire, Calgary, Alberta, Canada

The conference "Russian Oil and Gas Sector: Realities, Priorities, Opportunities" will be held in June 9th, 2008, on the threshold of Global Petroleum Show (organizer - dmg world media), an exhibition that 40 years ago became the first ever international oil and gas industry event and still remains the largest and the most successful global forum gathering executives of over 1600 companies.

The Russian conference will cover the industry key trends, as well as Russian government and major companies' plans on upstream oil and gas projects development. It will also specify the future tasks for oilfield service providers, oil and gas infrastructure designers and constructors; as well as present corporate long-term projects in developing the downstream and petrochemical capacities.

The conference will focus on the dynamics of the Russia's investment and business climate and real opportunities for foreign involvement in upstream, midstream and downstream oil and gas projects.

The Russian conference will be attended by top officials from the Ministry of Industry and Energy of the Russian Federation, the Ministry of Natural Resources of the Russian Federation, major Russian upstream, transportation, oilfield service providers (Lukoil, Rosneft, Gazprom, Rransneft, Shell, StatoilHydro, Chevron, BP, etc., investment companies (Vneshtorgbank, Rosbank, Sberbank, Gazprombank, etc.), leading experts and market analysts (Deloitte, KPMG, PWC, Ernst & Young, Troyka Dialog, etc.).
