/24-7PressRelease/ - GILBERT, AZ, March 29, 2008 - Your wedding should be everything you want it to be!

If you are planning a wedding and want your day to be all that you have dreamed about, you can call on a professional and just sit back and enjoy. Mike Euper, owner of Creative Touch Entertainment, is that professional.

Creative Touch Entertainment has become the most sought after entertainment business for weddings in the Valley of the Sun. Owner Mike Euper is a full-time professional DJ with more than 15 years' experience providing couples with assistance in planning one of the most important days of their lives: their wedding. Unlike most DJs who only play at the reception, Mike can also plan the special music for your wedding ceremony and provide professional equipment as well. He is available to meet with you at your convenience.

"As a professional DJ, I do more than simply play music," Mike explains. "I am your On-site Coordinator, Announcer, Master of Ceremonies, Music Specialist and Crowd Motivator. You owe it to yourself to make sure your DJ is all of these."

"I have always loved all kinds of music and people," says Mike, "so I just combined the two in this business. Your DJ is a very important part of the overall wedding experience, and I take great pride in ensuring that your wedding is everything you want it to be - from start to finish! I absolutely love what I do, and I want everything, every single detail, to be perfect."

You want your wedding to be unique!

"Remember, you must choose carefully. Not all DJs are made from the same mold," says Mike. "I take great care with all my clients. Each wedding I help plan is unique. I meet personally with all my clients to help plan and coordinate the ceremony and reception. This is my full-time profession, so I will meet with you as many times as needed to ensure that your wedding is tailored to meet your needs. I have an abundance of ideas and suggestions to help you customize your wedding. Getting to know you as a client helps me to create the wedding and reception of your dreams."

You will have peace of mind with Creative Touch Entertainment.

"What is your peace of mind worth to you on one of the biggest days of your life?" asks Mike. "My experience and commitment to you ensures that you will have a smooth-flowing and stress-free event. I personally assure you that I will do everything possible to make sure your event is all you want it to be."

If you are simply searching for an inexpensive DJ, then Mike may not be your choice. However, according to his clients, if you want the best in entertainment, professionalism, quality and attention to detail, then consult with Mike Euper. His price includes extensive consultations with the bride and groom, research, planning, and preparation. Also, you can be assured that Mike will personally handle everything, and he will be your only DJ. He does not outsource any of the duties.

Selecting Mike with Creative Touch Entertainment is not just hiring someone to show up the day of the wedding to play music. Prior to the wedding, Mike meets extensively with the bride and groom and has them complete a detailed questionnaire. He says, "Paint me a picture of your perfect wedding day." From these descriptions, Mike begins the detailed process of making that day come true for the wedding couple. A week or so before the wedding, Mike meets the couple at the wedding location. Together they visualize every scene from the wedding and reception. According to Mike, he leaves nothing to chance, and he makes sure all the personal touches receive his full attention.

"I use all professional equipment," says Mike, "and I have backup systems and equipment for everything. As master of ceremonies for the wedding, I carry the full responsibility of the day, and I am honored to accept that responsibility."

According to Mike, he is completely dedicated to his clients, but he adds that he is never the center of attention at the wedding: he makes sure the bride and groom are the ones in the spotlight. He wants the bridal couple to be able to cherish their day and their memories, knowing that all the many details are being cared for by a true professional. Mike adds, "I will do whatever it takes to make this day a perfect one for the bride and groom and their families and friends."

You can customize all the music choices.

"I can work with you to meet your music and lighting choices," says Mike. "And I can accommodate a wide variety of musical tastes. Creative Touch Entertainment has an extensive library of music to choose from. The music collection ranges from the 40s to current, Disco, Country, Big Band, Swing, Ethnic, Alternative, R&B, Classical, Jazz and much more!"

You should be able to enjoy your important day!

Although he specializes in weddings, Mike also provides entertainment for parties and company functions.

Mike's clients attest to his commitment and sincerity in striving for excellence at every wedding ceremony and reception that he does.

Bride and groom Kelly and Ryan wrote, "You did such an amazing job at our wedding - people are still talking about it. It was such a perfect day and I know you had a lot to do with it. Also, the video you made was great - we didn't have anything like it—it's so much fun to watch now. I have a lot of friends that are getting married soon and your name is the first one that comes up in conversation...The rest of the world needs to know about how great you are. Thanks again and Happy Holidays."

Satisfied customers who have wonderful memories of their special day are the best advertising you can get, and Creative Touch Entertainment gets most of its business through referrals.

Bride and groom Jared and Kristen wrote, "Thank you for being a part of our wedding celebration. We really appreciate the hard work and effort that you put into making our reception perfect! You made us feel so calm, which enabled us to truly enjoy the evening."

"My last 10 weddings are my references - no other company does this."

According to Mike, he loves what he does with the wedding entertainment business, and it shows. "With this business, my passion, drive, attention to detail and customer service are second to no one in the Valley," says Mike. "I pride myself on listening to each one of my clients to give them everything they are looking for on their wedding day. My last 10 weddings are my references that I give to all potential clients. No other company does this, and I am very proud of that."
