FEECO to Exhibit at Biomass 2008

FEECO will be exhibiting at the Biomass tradeshow in Minneapolis April 15-17

/24-7PressRelease/ - GREEN BAY, WI, April 04, 2008 - FEECO International, a world leading manufacturer of coolers - including ethanol coolers, dryers and systems is proud to be featured at the 2008 International Biomass Conference & Tradeshow April 15-17, 2008 at the Minneapolis Convention Center.

The first International Biomass Conference & Trade Show aims to facilitate the advancement of near-term and commercial-scale manufacturing of biomass-based power, fuels, and chemicals. Plan to learn and share information on biorefining technologies for the production and advancement of biopower, bioproducts, biochemicals, biofuels, intermediate products, and co-products -through general sessions, technical workshops, and an industry trade show.

FEECO will demonstrate a model version of their gear driven Ethanol Dryer at the show (Booth #505) which uses a unique double bend design to maximize the air-to-material (DDGS) contact creating more uniform material drying. FEECO also specializes in:

- Ethanol Coolers - Counter-flow cooling is recognized as the most efficient cooling alternative and possesses inherent advantages, which cannot be achieved with other cooling approaches and
- Complete Ethanol Systems - FEECO can package the counter-flow cooler and rotary dryer into a complete system that is more energy efficient and versatile than competing systems.

For more information about FEECO International please visit their NEW Ethanol website: <http://Ethanol.feeco.com>. Their new innovative website provides viewers with company brochures, photos / video as well as current ethanol information including ethanol news articles, ethanol blog, videos, an ethanol plant map, ethanol event list, and more!

Meet them in person (Booth #505) and see for yourself how FEECO International Inc. can assist you with your design, processes, equipment or production needs.

About FEECO International:

At FEECO, we specialize in turning problems into opportunities. Our mission is: "To provide innovative solutions that meet our customer needs by supplying high quality products and services at a competitive price." We also specialize in meeting your needs on time and within budget. Since 1951, we have been designing, manufacturing, marketing and installing equipment and systems throughout the world.
