Whip Your Patio Into Shape This Spring

Follow these tips and prepare your patio for spring

/24-7PressRelease/ - ROCHESTER, MI, April 11, 2008 - With spring and its warm weather just around the corner, it's time to clean up your patio and get ready to entertain outdoors. The harsh residue that winter weather has left behind needs to be removed so that all you are reminded of is outdoor warmth. Give your patio the attention it needs before guests arrive and children head out to play.

Start by removing all the furniture from your patio. Once the room is clear, use a sturdy broom to get rid of dirt and leaves that have accumulated in corners and around edges. Then, clear all weeds growing in cracks or edges around the structure so they will not cause any heaving of patio tiles or cement. Finally, use a hose for a quick rinse of the patio to make sure everything looks clean and refreshed.

If your patio furniture looks a little shabby and old, head to www.patiopreserve.com for cast aluminum and sling furniture sets that will improve the look and style of your dream patio. Never settle for a decent-looking patio, get the best with Patio Preserve.

About Patio Preserve

Patio Preserve offers high quality, all-weather patio furniture and umbrellas, bird baths, arbors and trellises, garden accessories, chimeneas and fire pits—all at discounted prices.
