/24-7PressRelease/ - BROWNVILLE, ME, April 20, 2008 - Smoking New Collectable Ready To Blaze It's Way Into your home.

Captain Joint in co-operation with the John C. Bunn Trust is pleased to announce the release of the worlds first Educational "Legalize Medical Marijuana Bobble-Head".

The Figure has been sculpted from a stage photo of High Times Freedom Fighter, Captain Joint in action. This photo was taken at the Maine Vocals Harvestfest of 2007, as the Starks Growers dumped over eight pounds of Medical Marijuana on the public stage as an act of Civil Disobedience. The Growers were upset that Don Christen, leader of the Maine Vocals was arrested just the Day Before the Show!

With his loaded four foot glass bong, green bud hanging out, his scale around his neck, and his lighter leash, Freedom Fighter Captain Joint is ready to party with you.

When you party down with this Freedom Fighter, be ready to learn as you burn, because the Colorful Collector Box comes decorated with Educational Web Sites and Drug War Facts.

Captain Joint has stated, " If Tommy Chong could make Millions on making Stoners look Stupid, I should do o.k. making us look Smart! It is time to break free of that Stupid Stoner Stereotype and Show the World What We Got!"

With 80% of the American People now behind Legalization of Medical Marijuana, a HIGH volume of interest is expected to be generated by this Educational Collectable Toy Legalize Medical Marijuana Bobble-Head. Truly a High Minded Concept.

"The only way to End the Drug War is to Educate Yourself and Eradicate the Government Lies. " Captain Joint says. He hopes this Colorful Collectable Bobble-Head and it's Information Loaded Box will be a tool to help to drive interested people to informational web sites. "Learn While You Burn," says the Captain. "Then Plant the Truth Like a Seed, and Let it Spread Like a Weed."
