The Shelving Store Announces Its "New Chrome For The Home" Series

Incorporate SI Chrome Wire Shelving Into Your Home

/24-7PressRelease/ - MADISON HEIGHTS, MI, April 25, 2008 - Chrome Wire Shelving is the perfect, stylish solution to increasing storage while maintaining your home's decor. The Shelving Store wants to show people the excellent uses of SI Chrome Wire Shelving Units, so they are adding photos of the units being used in real homes.

The softened look of SI Chrome Wire Shelving in the family room, the kitchen, kids' bedrooms, and basement shows off how great the clean lines of these units look when used as decorating tools. Not only are they a perfect choice for home decor, they are also great for those people with allergies. There is no dust accumulation on SI Chrome Wire Shelving Units; they stay clean and need little maintenance.

SI Chrome Wire Shelving should be the number one decor choice for any home. The sleek, durable SI Units create a soft atmosphere worthy of praise. Choose SI Chrome Wire Shelving, the modern, dust-free storage solution that improves organization and style in the home.

About The Shelving Store

The Shelving Store provides ways to simplify the messiness of life with classic and contemporary home shelving storage systems. They offer a wide selection of shelves, shelving units, elfa modular shelving systems, and chrome wire shelving units to help you get and stay organized. Visit www.theshelvingstore.com to transform your closets, offices, kitchens, laundry rooms, and garages with easy-to-assemble storage units.
