LocalLINK.ie - Launch of searchable Irish Business Directory Site for Ireland

Link Directories Ltd, the Newry based directory publisher has just Launched their Irish Business directory Site for Ireland www.LocalLink.ie.

/24-7PressRelease/ - NEWRY, NORTHERN IRELAND, April 26, 2008 - Local LINK is Ireland's local search engine, providing access to classified business information, including business websites, addresses, phone numbers for your local area and locations throughout Ireland.

The web site, which has been operating for past weeks, contains a total of over 350,000 Irish Business records. Each record gives all the details on each business as well allowing users to update or append a record.

"It is by far the most current and most comprehensive single source of businesses in Ireland. " said general manager Patricia Allen. "Every day we are getting calls and emails from business throughout Ireland, wishing to update their business record."

"The LINK directories along with this new LocalLINK.ie web site will assist local residents in finding local suppliers, keeping business and jobs local to their areas, as well as bringing new business and jobs into the area."

Local LINK and Link Directories are Ireland's largest Local Directory publisher. The company annually prints over 40 directories covering businesses in towns and districts throughout Ireland.

"For businesses owners thinking of advertising their business it makes sense to ensure that your records is the most update and current. To ensure that their businesses is found on the site, the company uses a combination of continuous training, experience and expertise has made LINK Directories the foremost authority in finding your business On-line. Our commitment to leading edge marketing technology coupled with our years of experience and the continued quest for complete customer satisfaction is what keeps LINK Directories ahead of the market."
