**Cantor proud to announce launch of CantorCasino.com -- Only blue-chip financial services company to move into online gaming**

*Cantor Gaming, an affiliate of the global financial services company Cantor Fitzgerald, has launched CantorCasino.com - becoming the first financial services company to move into online gaming.*

/24-7PressRelease/ - LONDON, UK, April 28, 2008 - Cantor Gaming, an affiliate of the global financial services company Cantor Fitzgerald, has launched CantorCasino.com - becoming the first financial services company to move into online gaming. The launch of Cantor Gaming's online casino, is an exciting development that follows their white label B2B offering.

CantorCasino.com is online now, offering a selection of unique games, alongside familiar casino games such as blackjack and slots. CantorCasino.com's innovative games such as StatJack and Xtra Odds Baccarat give players an exclusive gaming experience with cutting edge games. Cantor Financial Odds allows players to bet on movements in the stock market with as little as a 1. CantorCasino.com's focus on innovation in games will give customers exactly the high-quality gaming experience they will be looking for when they visit the site.

Manu Gambhir, Managing Director of Cantor Gaming, said: "As a company that has always been associated with innovation and has had a deep experience in operating mission-critical systems that can process tremendous volumes of transactions, stepping into online gaming is a logical step for Cantor. But it's not about being the biggest; it's about being the best. We're confident that our customers will find the new advanced betting games as well as our traditional casino games perfect for their needs and tastes."

Among the highlights available on the site are promotions, such as 15% cash back and next-day cash-outs, as making certain players are paid quickly is a high priority. Players will also discover that new games are released every month and that a low house edge increases players' chances of winning.

Best-known as a financial services company, Cantor is creating a world-leading gaming platform to suit the needs of both novice and experienced gamblers. The launch of CantorCasino.com is another step in the development of the Cantor Gaming offering.
