Landbidz.com online land auction community now has Featured Stores

/24-7PressRelease/ - May 01, 2008 - Featured Stores and other increased exposure available for Real Estate Sellers at Landbidz.com

Landbidz.com online land auction community now has Featured Stores. Sellers can now have a customized store showing their company information, and receive increased exposure on the Home Page and other pages at Landbidz.com. This is a great deal for only \$50 per month. There are several other packages available to sellers, including a featured spot in the weekly mass email to Landbidz.com members.

Until now sellers did not have any options other than to feature their auctions. Now, within 24 hours of registering, sellers can have home page links going their own custom store on Landbidz.com. If a seller wishes to upgrade to a "Silver Status", they will receive not only the Featured Store, but will receive exposure in the weekly email and receive 500 additional direct targeted quality clicks to their store. If a seller wishes to upgrade even further, to a "Gold Status", they will receive 1,000 additional clicks instead of 500. For those sellers who wish to advertise their own website, Landbidz.com offers Banner Advertising on the bottom of most pages. Cost is \$5 per thousand impressions, 100,000 is the minimum order. Complete details of all packages can be found at <http://landbidz.com/advertising.htm>.

Sellers are billed monthly and can cancel at anytime.
