*Vamoose Products and DollarDays International (www.DollarDays.com) today announced the availability of the Vamoose family of tobacco odor elimination products through their website at [www.Dollardays.com](http://www.Dollardays.com).*

**/24-7PressRelease/** - AUSTIN, TX / PHOENIX, AZ, May 07, 2008 - Vamoose Tobacco Odor Eliminator Available to 1,000,000 Stores and Businesses via DollarDays.com

Vamoose Products and DollarDays International ([www.DollarDays.com](http://www.DollarDays.com)) today announced the availability of the Vamoose family of tobacco odor elimination products through their website at [www.Dollardays.com](http://www.Dollardays.com). Available in 4, 16, and 32 ounce spray bottles and a convenient gallon jug, Vamoose is available in Fresh Scent, New Car Scent, Leather Scent and Fragrance Free sprays which mask the tobacco scent while Vamoose permanently removes tobacco odors.

Vamoose can be used in homes, cars, RV's, apartments, hotels and motels, and on couches, leather goods, handbags and other consumer products to remove the residual smells from cigarette, pipe and cigar smoke. The power behind the permanent removal of tobacco odors is Novexium which molecularly combines with the tar and nicotine molecules deposited by smoking and converts them into inert matter. During the conversion process a customized scent masks the molecular conversion and indicates that the conversion process is active - you can smell the product working.

"Vamoose is a unique product and we don't have anything else like it to specifically address tobacco related odors, and even more so permanently. Our resellers have a unique opportunity here to gain mind share with their customers." said Marc Joseph, President for DollarDays International.

"Small retailers will now have the ability to resell Vamoose by purchasing from one of their most trusted suppliers - [www.DollarDays.com](http://www.DollarDays.com)," said Stephen L. Parkhurst, Founder and co-inventor of Vamoose. "DollarDays.com's presence gives us credibility with small businesses and expands our marketing, logistics and retail storefront presence tremendously," added Mr. Parkhurst.

**About Vamoose Products/Hill Country Distribution**

Vamoose Products is a licensee of the patented Novexium technology. Vamoose, when used properly, completely eliminates all second-hand tobacco odors.
