**Courtesy Chevrolet Announces Attractive Offers on the 2008 Chevy Malibu.**

*Courtesy Chevrolet, a premier Chevrolet dealership in San Jose and Morgan Hill, announces attractive offers on the 2008 Chevrolet Malibu.*

/24-7PressRelease/ - SAN JOSE, CA, May 07, 2008 - The all-new 2008 Chevrolet Malibu delivers great performance, fuel economy and refinement, wrapped in a clean, tailored design that carries the global face of Chevrolet. A broad range of detailed, well-appointed and efficient models are offered, including a fuel-saving Malibu Hybrid model. The new Malibu is based on GM's global midsize platform, which serves as the foundation for a strong body structure, precise build quality and refined driving dynamics.

Power and performance are derived from a family of powerful dual-overhead cam four- and six-cylinder engines, including a 169-horsepower 2.4L Ecotec DOHC four-cylinder engine, and a 252-horsepower 3.6L DOHC V-6 with variable valve timing. A six-speed automatic transmission is standard with the V-6 and will be available later in the model year, with the 2.4L four-cylinder LTZ - segmented first. The Malibu Hybrid uses a unique electric motor/generator mated to a 2.4L Ecotec VVT four-cylinder engine, and Hydra-Matic 4T45 four-speed transmission.

For details contact the dealership or log on to <http://www.courtesychevrolet.com>.
