**2009 Chevrolet Camaro Concept: A Strong and Dynamic Sports Car**

*Putnam Chevrolet, the leading dealer for new and used Chevrolet vehicles in Burlingame, California has extensive information on the new Chevrolet Concept, 2009 Chevrolet Camaro.*

**/24-7PressRelease/** - BURLINGAME, CA, May 10, 2008 - Putnam Chevrolet, the leading dealer for new and used Chevrolet vehicles in Burlingame, California brings you extensive information on the 2009 Chevrolet Camaro Concept Car.

The 2009 Chevrolet Camaro Concept will be available in Coupe and Convertible body styles. The Camaro Concept recaptures the spirit of one of the most popular sport coupes for new generations of fans. The manufacturers aim to make the sport coupe relevant to younger enthusiasts while retaining its appeal to its current fans.

The 2009 Camaro Coupe and Convertible is designed by taking cues from the classic 1967-1969 Camaros and infusing that with inspiring modern influence. On the inside, the four-pack auxiliary gauge concept is a tribute to the classic. The low slung long hood, short deck and wide stance of the Camaro Concept bear witness to its performance car leanings. The exterior fascia and cockpit of the Camaro is inspired by fighter planes and it bears some design elements of the new Corvette. The design elements are clean and aerodynamic, and are in tune with the performance-oriented function of the vehicle. This new millennium muscle car from Chevy will feature a 400 hp, 6.0-litre aluminum small Block V8 engine mated to a 6-speed manual transmission.

We serve Burlingame, San Mateo, San Francisco, Belmont, San Bruno, South San Francisco, Redwood City, Pacifica, Montara, Brisbane, Moss Beach, Menlo Park, Alameda, Palo Alto, Hayward & other areas.
