ICG is Microsoft "Gold Certified Partner"

The highest level of recognition as a Microsoft technologies solution developer and partner in Spain

/24-7PressRelease/ - LLEIDA, SPAIN, May 15, 2008 - The quality in manufacturing and marketing of solutions for the sectors Hospitality Industry, Commerce, Industry and Distribution, and Business Management, developed by the company ICG Software and the installation of SQL Server in the deployments the Group carried out in the 37 countries in the world where it distributes its products, led Microsoft to want to extend and strengthen the alliance partnership with the ICG group, as a continuation and recognition of the technological development agreement previously established in 2005.

Therefore, and by constant innovation in developing solutions with Microsoft technologies and maximum participation in the programs of the American multinational, the ICG Software Group received from Microsoft Spain the "Gold Certified Partner" accreditation, the highest level of recognition as business partner and expert in Microsoft technologies in Spain, of which there are only 50 certifications.

ICG Software is a Spanish company which was founded in 1985 in Lleida. ICG creates innovative and complete business management solutions for the retail, hospitality and industry markets.

Currently, the ICG software products have been translated into thirteen languages and contemplate the commercial and fiscal needs of more than thirty countries in Europe, America, Oceania and Asia.
