NyghtFalcon wins first place in Hoodman photography contest.

In Hoodman USA's month photography contest, NyghtFalcon's Senior Partner, Falcon, has won First Place. The photo will be published in the June edition of Rangefinder.

/24-7PressRelease/ - TORRANCE, CA, May 15, 2008 - Jean Jiah ia Ong Vang of Hoodman USA announced today that a photo entitled Vegas Nyghts (series 4, number 18) by Falcon, Senior Partner and Founder of NyghtFalcon Photography, was awarded First Place in a monthly photography contest. The photograph will be published in Rangefinder magazine in June.

The monthly photography contest, "Shoot Raw on Raw Photography Contest," is sponsored by Hoodman USA. Raw refers to photographs that are the digital equivalent of a negative in the film world and also to the firm's high performance compact flash memory cards which are marketed under the trade name Raw.

"We are pleased that one of our photos has been selected," said Falcon, the Senior Partner and Founder of NyghtFalcon, "even more so because Hoodman is one of our strategic partners. We strive to support our partners in all their marketing and sales initiatives."

NyghtFalcon was founded in January 2003 and maintains five locations in the US and one in Basel, Switzerland. Known for its distinctive artistic voice, the firm's work, both commercial and artistic, is marked by rich colors, intensity of contrast, striking detail and its often unusual perspective. Since its founding the firm has garnered international recognition for its work. The firm's work has appeared in Digital Camera World (UK) twice, The Wall Street Journal, After Capture (three times) and has been featured in Studio Photography, one of the leading trade journals for photography in North America. The firm's partners include DxO Labs (Paris), Museo Fine Art (Dalton, MA), ThinkTank Photo, OnOne Software, NIK Software, Wacom, RealViz and Hoodman USA.
