The Maynard launches private dining

'Room with a view' available for private hire

/24-7PressRelease/ - May 16, 2008 - Peak District hotel and restaurant, The Maynard, is pleased to announce that it now offers a Private Dining facility, following its boutique hotel refurbishment.

The newly refurbished Windsor Room has fantastic Peak District views that create the perfect backdrop to any celebration - whether it be a business lunch with clients, a birthday, anniversary or any other special occasion.

Private Diners have access to the full a-la-carte Maynard restaurant menu. The Windsor Room can be booked in advance and can cater for group sizes of 2-30.

Paul Downing, director at The Maynard, said: "The transformation of the hotel in the past few months has been quite amazing. What had frankly become quite a jaded building has been given a 21st century designer facelift and the kitchen is producing food to match. Anyone who has not visited The Maynard for a few years will be astonished at the changes; we are hearing positive feedback every day which is a rewarding endorsement of our investment and vision."

To book your own room with a view or for a guided tour of the new Maynard at no obligation, call Paul or Liz Downing on 01433 630321.

For further information on The Maynard, visit their new website at www.themaynard.co.uk
