**BizzFlip, Inc. Plants a Greener Classifieds Community**

*EcoFlip.org is a specialized network of community-driven classifieds promoting a greener economy and healthier living.*

/24-7PressRelease/ - SAN FRANCISCO, CA, May 16, 2008 -- BizzFlip, Inc. recently announced the soft launch of their greenest addition to a growing brand of specialized, community-driven classifieds. EcoFlip.org provides a craigslist-like platform allowing users to create free ads for the buying and recycling of green products, fuel efficient vehicles and eco-supportive services to name a few. It even features an EcoPersonals section for local tree huggers to network and socialize as well as discussion forums supporting green living.

"There's no better time and place to take part in the shift towards a cleaner, greener economy" mentions Forrest Kolb, one of EcoFlip's co-Founders and CVO. "We are very excited to expand our brand of niche classifieds and we understand the value EcoFlip.org brings not only to our eco-conscious users but to Mother Earth herself."

Similar to the simple interface and functionality of entrepreneur-centric BizzFlip.com, eco-conscious users create free ads under various posting categories.

On EcoFlip.org, posting categories include:

- Green Living
- Household Products
- Fuel Efficient Vehicles
- EcoFriendly Services
- Green Travel
- Green & Conscious Events
- Reuse & Recycle
- EcoPersonals

As BizzFlip, Inc.'s latest addition continues to grow, EcoFlip.org intends on expanding its posting categories based upon user feedback. Forrest concludes, "we will continue updating our eco-friendly classifieds with categories promising to stimulate greener and cleaner living."

EcoFlip.org is exclusively owned and operated by BizzFlip, Inc. which launched entrepreneur-centric BizzFlip.com in 2007. EcoFlip.org features green and eco friendly classifieds via the collaboration of eco-conscious people worldwide.
