**Celebrity Astrologer Maria Shaw Partners with Global Mobile Media Company YuuZoo**

*YuuZoo, the fast growing new global mobile content, media and advertising firm has joined forces with Celebrity Astrologer Maria Shaw to provide top-notch astrologic advice and daily horoscopes to mobile device users around the world.*

**/24-7PressRelease/** - SINGAPORE, May 22, 2008 - YuuZoo the fast growing new global mobile content, media and advertising firm has joined forces with Celebrity Astrologer Maria Shaw to provide top-notch astrologic advice and daily horoscopes to mobile device users around the world.

Called YuuStars the new service is accessible by more than 1 billion mobile users in Asia, Europe and the US.

"I'm thrilled to be able to offer my audience a unique opportunity to receive my daily horoscopes instantaneously," explains Shaw. "With YuuZoo I can reach people worldwide, enabling me to reach new demographics and create an ever larger fan base."

The star of CBS radio's Psychic Radio Network, Maria Shaw can be heard Monday through Friday worldwide at [www.psychiconair.com](http://www.psychiconair.com). She has nine books to her credit, published in six languages including Soul Mates and Cell Mates and The Enchanted Soul. She is a regular guest at several leading TV shows and a regular contributor to more than sixty radio stations across the United States. She also writes columns for Soap Opera Digest and Complete Woman. Maria has been featured in hundreds of magazines and newspaper articles and her weekly forecasts reached 69 million homes as the TV Guide Channel astrologer. Currently, she is currently touring across the county, promoting her latest book Maria Shaw's Sun Signs.

Ron Creevey, President of YuuZoo, said "We aim to go beyond traditional mobile offerings with a broad array of popular subjects for our mobile subscribers and our YuuStars offering with Maria Shaw is a good example. We are proud to team with Maria and we see a long and successful future in the stars together." YuuZoo Corporation has built a global distribution network that enables a personalized distribution of wireless value-added services and advertising to mobile end users worldwide, offering exciting new revenue possibilities to wireless content owners & developers, advertisers and media companies.
