TOPEX welcomes you at Airport Show Dubai, 2-4 June 2008

Continuing the participation at the major telecom events, TOPEX, an European telecom equipment manufacturer and ATC solution provider, will join between 2 and 4 of June, Asia's largest arena for the latest airport innovations, Airport Show Dubai.

/24-7PressRelease/ - BUCHAREST, ROMANIA, May 31, 2008 - Airport Show is the perfect place for key professionals to meet and discuss their current and future projects for ATC environment, the platform to launch new products, meet with existing and potential clients, network with key buyers and suppliers, stay ahead of the competition, generate relevant sales leads and display services to a targeted, qualified audience.

TOPEX provides highly available communication and information solutions for Air Traffic Control industry and it will propose for this event both its VCS solutions, legacy and IP, with all their features, advantages and benefits. The reliable VCS solution provided by TOPEX has been implemented at Romanian Air Traffic Services Administration for over five years and allows its configuration for a very wide range of applications in the ATC/ATM field.

TOPEX IP VCS solution was internationally launched three years ago, being the world's first fully IP implementation in ATC environment but now, it has superior capabilities in line with the progress of IP technology. The solution is well-suited for new ATC market needs and developments, being flexible and easy to upgrade, integrate or customize. Its deploying covers all the features of legacy - VCS and offers technical and economical advantages.

"We appreciate the opportunity of being around in the largest Airport fair in Asia as part of an ongoing focus to increase our export.", declared Mr. Constantin Dumitrescu, Sales and Marketing Director for TOPEX. "It is always a great experience to meet with some of the leading professionals in the industry, to present our features and improvements to all potential customers visiting the exhibition and to see the latest technology and services from international manufacturers and suppliers in ATC business environment.", added Mr. Dumitrescu.

The Airport Show, organized by Streamline Marketing Group, attracts exhibitors around the world and will be attended by airport developers and aviation authorities across the Middle East, Africa and South Asia. It is the region's only dedicated trade show for airport construction, operations, technologies and services.

You are invited to reach detailed information about what TOPEX can offer in terms of products, solutions and services visiting TOPEX booth WD26, between 2 and 4 of June at Airport Show Dubai.
