Kopytek Inc. Listed Among St. Louis Area's Top 25 Printing Companies

Business listing reflects Kopytek's recent growth

/24-7PressRelease/ - ST. LOUIS, MO, June 01, 2008 - Kopytek Inc. has been named one of the top 25 printing companies in the St. Louis area by the St. Louis Business Journal. The printing companies were ranked based on 2007 revenue. Kopytek was listed No. 23 with more than \$4 million in 2007 revenue.

"In today's business environment, Kopytek is proud to be one of the few printing companies growing and burgeoning in the St. Louis marketplace," said CEO John Peterson.

Kopytek has grown quickly the past few years and has recently constructed a new 20,000-square-foot facility, which will double the size of its operating environment. The company will occupy the facility in June 2008.

The new headquarters, at 9595 Dielman Rock Industrial Court in Olivette, will provide space for Kopytek's employees and \$2 million worth of recently purchased state-of-the-art digital-imaging equipment.

Peterson anticipates Kopytek will grow 20 percent within the first year of moving into the new facility and expects revenues to double within the next five years.

Kopytek is a full-service St. Louis-based printing, digital imaging, mailing and fulfillment company. Since 1986, the company has built a reputation in the metro area for its superior print quality, individualized customer service and fast turnaround time. Kopytek's client base includes Fortune 500 companies as well as a vast array of St. Louis area businesses.
