SC Equipment Funding Introduces 4 hour 'QuikLease' Program

SC Equipment Funding has introduced an new 4-hour 'QuikLease' Program. The 'QuikLease' program allows equipment dealers to complete the entire equipment lease document package along with the credit application during the initial sales call.

/24-7PressRelease/ - Yorba Linda, CA, June 13, 2008 - SC Equipment Funding has introduced an new 4-hour 'QuikLease' Program. The 'QuikLease' program allows equipment dealers to complete the entire equipment lease document package along with the credit application during the initial sales call. The 'QuikLease' documents are designed to be completed in the field by the equipment provider. Once SC Equipment Funding receives the 'QuikLease' document package, a 'credit decision' may be made within 4 business hours. Within 4 business hours and credit approval, equipment providers and buyers can shift their attention to equipment delivery and installation.

"The 'QuikLease' program can lead to significant efficiencies in so many ways," explains company spokesman Bruce Braviroff. Businesses can use the 'QuikLease' program to initiate a complete 'Rapid Response' strategy that results in quick funding, quick delivery, quick installation, and quick implementation. "The opportunity cost of not having necessary equipment can be staggering," continues Braviroff, "but the 'QuikLease' program can address this." A business can minimize this opportunity cost by making decisive decisions followed by quick results. The 'QuikLease' program contributes to quick results by eliminating equipment funding approval as a delaying factor.

About SC Equipment Funding

SC Equipment Funding began in 1984 with the aim of providing expert equipment leasing to a wide variety of domestic businesses. From the main facility located in North Orange County, California, the company provides funding for equipment acquisition for all types and sizes of businesses. SC Equipment Funding provides lease programs through several financial partners as well as the company's own funding sources. This diversity of leasing products allows SC Equipment Funding to be extremely competitive while providing unique funding programs.

For further information about SC Equipment Funding and the company's equipment leasing programs can be found at www.scequipmentfunding.net.
