**Bring Dad's Memorable Moments To Life With the Nextar 3.5 inch Photo Frame**

*Compact LCD Display will Provide Discrete Photo Slideshows for Dad's Desk*

**/24-7PressRelease/** - LA VERNE, CA, June 14, 2008 -- Nextar, a designer and marketer of bold and new consumer electronic products with mass appeal, is pleased to announce a new addition for Father's Day to its digital photo frame selection. What better gift than a handsome photo frame featuring a 3.5" LCD color display in a jet-black wood frame that will compliment any decor. The Nextar N3-505 is ideal for reviewing JPEG photos, watching a slideshow or just rotating through memories.

"This sophisticated photo frame adds a touch of life to any wall photo grouping or desktop. It offers a magnetic stand that can be easily adjusted for vertical or horizontal photo viewing," remarked Eddy Zheng, Nextar founder. "Its compact size and 3.5-inch display and is ideal for those niche spots in your home or office."

The Nextar N3-505 has a 3.5" 262k color TFT QVGA display with a resolution of 320x240. The high-quality flat panel LCD offers a bright and smooth picture display. It ensures that images can be clearly seen, even in bright sunshine. The unit supports photo transfers from supported flash memory cards. The unit has built-in memory of 32MB that can store up to 50 pictures and a flash media slot for SD, MMC or Memory Stick cards up to 2GB capacity.

Power is supplied by an included A/C adaptor cord. It arrives complete with an instruction manual, warranty registration card and product registration card.

**Pricing & Availability**

The N3-505 3.5" digital photo frame is currently available at Bed, Bath and Beyond Stores nationwide. It features an MSRP of \$49.99.
