INNOVATIVE CAFE COMES TO TEXAS

tumble & tea cafe combines a posh wifi equipped cafe and gourmet food with a kid-paradise indoor play-space to create a location both adults and kids can finally agree is the place to be! With hundreds of nationwide requests pouring in tumble & tea cafe expands nationally in September.

/24-7PressRelease/ - Berkeley, CA, June 14, 2008 - tumble & tea cafe is offering franchises in Texas! tumble & tea cafe is posh, wifi caf with an amazing playspace for kids. The rare combination of delicious, fresh, made to order food and kid-friendly environment has had a great degree of success in California and has recently announced the launch of a franchising expansion program in Texas.

tumble & tea cafe serves made to order paninnis, salads, soups, espresso drinks, pastries and a great selection of kid favorites. The incredible food isn't the only reason to stop in for a visit. tumble and tea cafe has an amazing playspace for kids to enjoy as their parents recharge.

"tumble & tea cafe is not for the kids - it's for the people who take care of them," insists owner Gina DeCarlo. "We have designed the space to be easy for caregivers to have a great meal, finish a conversation with another adult, read one of our magazines or jump on our free wifi. Even more amazing, they can do all of that even when they bring the kids!"

The tumble & tea cafe concept came about when Gina realized there was a lack of places that could satisfy both her daughter's interest and her needs as well. "I love the park and the zoo but I don't always want to eat hot dogs and stale popcorn. Just because I'm a mother doesn't mean I don't want to eat good food, enjoy great coffee and have a comfortable place I can hang out."

Since its doors opened, tumble & tea cafe has become the home-away-from-home for many parents and their children. The unique ability of the cafe to charm not only adults but their children has helped it thrive with tremendous success and inspired hundreds of nationwide requests. We have had such an incredible amount of interest from people in Texas that Texas locations open this September.

tumble & tea locations will begin opening up nationwide this September. For more information on tumble & tea cafe or for franchising details please visit www.tumbleandteacafe.com or contact Diane Zuniga (909)510-0433 / diane@tumbleandteacafe.com
