GIGABYTE Honors Golden Systems Electronics With 'Best Partner' Award

The leading technology distributor was recognized for its commitment and solid performance in promoting GIGABYTE's products in the Middle East.

/24-7PressRelease/ - DUBAI, UAE, June 17, 2008 - Golden Systems Electronics, a leading distributor of IT products in the Middle East, announced that it has won the 'Best Partner 2008' award from its vendor-partner, GIGABYTE United Inc. Mr. Johnson Lin, CEO of GIGABYTE United, presented the award to Mr. Ehsan Hashemi, on behalf of Golden Systems, at Computex 2008. The award recognizes the company's commitment and outstanding performance in promoting GIGABYTE's best-in-class products, and for its role in increasing the vendor's market share across the Middle East region.

"We are proud to win the best partner award from our long-standing partner, GIGABYTE. Winning this accolade is recognition of our team's efforts and dedication in promoting GIGABYTE's products and reaffirms our position as a leading IT distributor in the GCC region. This award is also testimony of our commitment to our partnership, which has grown and strengthened over the past few years," says Mr. Ali Sharifi, CEO of Golden Systems Electronics.

Established in 1996, Golden Systems has achieved excellence in the IT distribution arena and is committed to providing superior quality products to customers and partners in the region. The company had been an authorized distributor for GIGABYTE since 1996 and in the year 2000, it was promoted to the role of sole distributor for GIGABYTE products in the UAE and GCC region. With more than a decade of experience coupled with a professional and highly qualified team of employees, Golden Systems has achieved numerous milestones to date. Winning the GIGABYTE 'Best Partner' award is yet another feather in Golden Systems' hat.

"We are delighted to have a dedicated partner like Golden Systems in the Middle East," said Mr. Johnson Lin, CEO of GIGABYTE United. "They have once again demonstrated their commitment to promoting our products in the region. We are happy to recognize their efforts and look forward to working closely with them in future," he concluded.
