CERIWholesale.com Adds Summer's Hottest Wholesale Handbags Styles

Online wholesale handbags distributor, CERiWholesale.com has once again updated its wholesale handbags collection for the hot summer season.

/24-7PressRelease/ - CITY OF INDUSTRY, CA, June 19, 2008 -- Saying that a woman needs only one carry-all handbag is like saying pigs will eventually fly one day. Yes, it is without a doubt, impossible. Whether taking a stroll to the park, going to the groceries or having a night out with friends, it is a dire need for women to have the perfect handbag to match any outfit on any given occasion. This phenomenon explains why the wholesale handbags business continues to thrive despite any slump in the economy.

Recognizing the demand for women to have an abundance of handbags far outnumbering the days in the calendar, leading wholesale handbags distributor CERiWholesale.com assists retailers and resellers in keeping up with the fast changing trend in the handbag market. Just recently, the company added more of the trendiest wholesale handbags suited for the upcoming summer season. With the weekly arrival of wholesale handbags, retail store owners are spared from shopping from one wholesale handbags distributor to the next just to find the latest season's trends.

What's more, CERiWholesale.com continuously sends weekly e-mails to all subscribed retailers and resellers to inform them of the newly arrived wholesale handbags and other wholesale fashion items like wholesale shoes, wholesale jewelry, and wholesale clothes. Retailers and resellers, especially the small ones who lack the time and resources to keep up with the fashion trends, are sure to be on top of the latest craze in the fashion industry.

"The process of constantly researching for the latest fashion trends is one of the practices of CERiWholesale. We pick the best of the best and offer our retailers the best wholesale handbags, wholesale shoes, wholesale jewelry, and other wholesale fashion items at the best price," says Joanne Han, CERiWholesale's product manager.

For the upcoming sunny season, CERiWholesale.com introduces the hottest styles of wholesale handbags. As this season calls for clutch handbags in metallic or colorful designs, elegant croc bags, and also oversized handbags in different colors, CERiWholesale.com has a number of these styles of wholesale handbags to choose from.

"At CERiWholesale, we make sure our retailers are on top of the wholesale handbags trend. We introduce the newest wholesale handbags before they are made available in other companies or fashion tradeshows, giving retailers more competitive edge over their competitors," ends Joanne.

To aid retailers and resellers in understanding the entire wholesale handbags business, CERiWholesale.com has provided a list of terms associated with handbags.

Clutch Bag - a small handbag without straps and handles, carried in the hand or tucked under the arm.

Hobo Bag - a medium to large handbag with a long shape that usually scoops down from the top to the center, forming a letter 'U'

Satchel - A large handbag with a top closure and a short carrying handle. Its side profile resembles the shape of a triangle.
