Houston LASIK Surgeon Offers to Beat Any Price

Freedom LASIK is committed to removing any barrier to making LASIK Surgery available and affordable for every resident of Sugar Land and the neighboring communities.

/24-7PressRelease/ - SUGAR LAND, TX, June 20, 2008 - Freedom LASIK is committed to removing any barrier to making LASIK Surgery available and affordable for every resident of Sugar Land and the neighboring communities.

"The ability of LASIK to improve vision and change lives is so profound that we want everyone who has an interest to feel they can have this procedure - that it is within reach of the average person, not just celebrities," says Marc Sanders, M.D., chief surgeon at Freedom LASIK.

"Every week we hear from patients about what a difference LASIK has made in their lives and we just want that choice to be there for everyone," says Dr. Sanders.

Dr. Sanders is the medical director of the new Freedom LASIK Sugar Land Town Center office. He and his team not only believe in personal attention and service, but they have assembled a very affordable financing package that includes the unique Value Match Guarantee.

Through the Value Match Guarantee, when patients bring a written quote from another LASIK practice from the Houston area or anywhere in the country, Freedom LASIK will meet or beat the price for the same technology and warranty period.

"The Value Match Guarantee reflects how strongly we feel about our ability at Freedom LASIK to help people achieve 20/20 vision or better," says Dr. Sanders.

To help make LASIK affordable for every budget, Freedom LASIK offers a variety of financing. Payments can start as low as \$28 per eye, depending on the degree of correction and type of procedure that is selected for your treatment.

Value Match Guarantee at Freedom LASIK

Freedom LASIK accepts most major credit cards, as well as the medical and flex-spending plans offered through many employers. Other options include zero percent financing for up to 18 months and extended payment plans for up to 60 months.
