ReservaCar-DublinAirport.com introduces online car rental insurance

ReservaCar-DublinAirport.com car rental site partnered with leading online car hire excess insurer Insurance4carhire.com to provide customers with affordable excess reimbursement insurance policy for leisure and business car hire.

/24-7PressRelease/ - DUBLIN, IRELAND, June 20, 2008 - ReservaCar-DublinAirport.com car rental site partnered with leading online car hire excess insurer Insurance4carhire.com to provide customers with affordable excess reimbursement insurance policy for leisure and business car hire.

Insurance4carhire is an online insurance company whose core business is the provision of car rental excess insurance. It brings customers annual excess insurance products offering convenience, peace of mind and significant savings when they are renting cars.

It covers customers not only for the total amount of excess for which they are liable if the rental car is damaged or stolen, but also for damage to the roof and undercarriage of the car, and windows and tyres.

Noemi Beres, who is the owner of www.reservacar-dublinairport.com site, explains:

"Our visitors are able to look and book rental cars in real time, and they can also search for the best car hire price without visiting many car rental websites."

"Now our visitors have three choices: they can pick up the rental car at Dublin Airport or anywhere in the world and drive away with basic CDW insurance, all of our car rental quotes include CDW. Depends on the size of the rental car the liability (excess) would be 800-2000 in Ireland. Car hire users can buy additional insurance at the car rental desk which is 10-20/day or they can purchase car hire excess insurance online on www.reservacar-dublinairport.com site from 5.39/day. Customers, who rent cars more often, have the possibility to buy annual excess policy for only 66.15/year."-she added.

The policy can be used with all car rental companies. It covers both the policy holder and all additional drivers, offers full protection against the excess charges and the start date can be selected up to six months in advance.
