**/24-7PressRelease/** - CHARLOTTE, NC, June 25, 2008 -- Schwilm Law Firm launches their website - <http://www.schwilm.com>. We urge individuals facing a credit crunch in Charlotte to visit our website for free assistance and information. Our firm is dedicated to providing knowledgeable legal assistance in areas of bankruptcy. We understand there are times in life when all of us have felt overwhelmed by all the bills and debts that have accumulated. With recent changes in bankruptcy law and the current economic times it has become too complex for individuals to try and handle their case on their own or to use a document service. The table is heavily tilted in favor of the creditors, trustees, and the landlords. As a result we are dedicated in providing individuals relief from the pressures of debt. Our number one goal is to help people enjoy the benefit of governmental protection while they undertake a good-faith effort to reorganize their affairs and start over.

Our website and blog gives individuals access to current bankruptcy information and facts which allows them to make educated and informed decisions. We want people to know that they are not alone in all of this and that we are a compassionate and experienced law firm that wants to help them create a plan of action so they can get back to living a stress free debt free life.
