**JNC Solutions Expands Globally & Internally**

*JNC Solutions, Inc. is increasing its resources to meet the demands of businesses. JNC has launched an offshore site in Mongolia to provide global solutions, and is in the process of working with business partners to prepare for the development of JNC's own ERP system.*

**/24-7PressRelease/** - GARDEN GROVE, CA, July 03, 2008 — JNC has just launched its offshore outsourcing team in Ulaanbaatar, Mongolia under the management of Chuck Oh, who serves as JNC's Vice President of Global Solutions. Clients will benefit from this global service, as it provides cost-effective quality solutions and operational support through leading edge projects and process management. For more information on Application Outsourcing, read here.

**JNC's ERP Solution—**

JNC is in the process of developing its own ERP solution to meet the specific needs of small to mid-size businesses. JNC's ERP will enable organizations to advance strategic objectives like cost saving, operational efficiency, and deliver IT-enabled business innovation. For more information on Enterprise Resource Planning, read here.

**Seminar 2009—**

JNC cares about equipping business leaders with the skills and knowledge needed to lead their companies into the 21st century. JNC is in the process of organizing conferences, trainings, and seminars to provide fresh resources to those interested in empowering their businesses. Watch for the launching of this great program!
