Zhejiang International Hotel in China Introduces New Reservation System which Guarantees Instant Confirmation Online

Zhejiang International Hotel in Hangzhou, China makes booking rooms online easy and convenient with a new reservation system added to its official website www.zhejianghotel-hangzhou.com.

/24-7PressRelease/ - HANGZHOU, CHINA, July 15, 2008 - Bookings made online through Zhejiang International Hotel's website is now made fuss-free and easier with a new reservation system that guarantees instant confirmation. Guests can just log in to www.zhejianghotel-hangzhou.com and reserve rooms in the comfort and safety of their homes.

This new feature on the hotel's website is their way of servicing guests even if they are not yet in the hotel. The system also provides visitors with the option to choose the room types according to their budget and preference. This is made possible with the 14-day real time view of room availability that comes with the new reservation system. With a minimal deposit payment of 10% of the total room cost, guests are also assured of room availability upon their arrival.

The transaction is fast and secured by a 128-bit encryption technology provided by WorldPay, a Royal Bank of Scotland Company. An email is sent afterwards which also serves as the guests' confirmation.

Guests will find themselves in the heart of Hangzhou in China, just minutes away from many commercial and business establishments. Zhejiang International Hotel is a luxury hotel designed to provide comfort, enjoyment, and the cozy elegance of a prime destination in China. Beautifully appointed rooms, premier luxury amenities, and exemplary service make this Hangzhou hotel the ideal urban oasis for work or play. For more information about the hotel's services as well as location, visit www.zhejianghotel-hangzhou.com.
